TechMart Electronics proudly ships to over 50 countries worldwide. International shipping options and costs are calculated at checkout based on the destination and package weight.

- **Customs, Duties, and Taxes:** The recipient is the importer of record and must comply with all laws and regulations of the destination country. Orders shipped outside of the United States may be subject to import taxes, customs duties, and fees levied by the destination country. TechMart is not responsible for these charges.
- **Transit Times:** Standard international shipping typically takes 7-14 business days, but customs delays can occasionally extend this timeframe.

4. Lost or Damaged Packages

If your package arrives damaged, please retain all packaging materials and contact support within 48 hours of delivery. If a package is lost in transit, we will initiate an investigation with the carrier. If the carrier confirms the package is lost, we will issue a replacement or refund.
